TO: Contracting Officer, SP-1917

SUBJECT: Service Bulletin Kits - Customer No. 1

Per the telephone conversation of 11 February between Hazel and Dick A., we are forwarding to you preliminary priced copies of our proposed exhibit #5070 covering twenty-one service bulletins which apply to Customer No. 1 articles. Copies of the listed service bulletins are also attached for reference.

Although the prices listed are to be considered as preliminary, they closely approximate our final prices which we anticipate will be firmed up within the next two weeks.

Please issue us some form of formal authorization for this work so that we may submit our priced exhibit for approval and invoice for payment.

We call your attention to our Exhibit #5055 dated 22 December 1959 which also covered service bulletin kits and which has been approved by the Contracting Officer. This exhibit (or production list) carries the authorization signature of the Depot representative. This has been our standard practice with Customer No. 2 exhibits covering service bulletins also. Bob W. at the Depot has now advised us that he does not have the authority to authorize work in the service bulletin category.

We invite your comments and suggestions regarding the scope of the work covered by these bulletins, the timing of our price submittals, a detailed procedure for obtaining authorization on this type of work, etc.

Yours very truly,

Bob
